## WiFi Now Available Throughout St. Johns!

This past spring St. John's Foundation approved use of funds to improve St. John's wireless connectivity throughout the building. The project has been worked on over the last several months and is now completed, offering better security for our church systems and at the same time better connectivity for guests throughout the building.

In this time when many of our students need internet capability to complete their homework and many teaching tools are now accessible online, the new WiFi will improve our hospitality to students on Wednesday nights and throughout the week.

WiFi passwords for guests will change on a regular basis, so if you need access while in the building, please ask a staff member for the current password.

## Barriers to Seeking Help

Have you ever experienced difficult times and felt the need to talk with someone? Many of us who have gone through these times know the benefit of having a caring and sympathetic person with whom we can share our troubles and burdens. Caring communication with others is a basic human need. However, most of us are much more open to giving care than to receiving it. As a result, many of us who could benefit from a Christian friend are toughing it out on our own. Sometimes our own fears get in the way. We may fear that we will be judged harshly. We may fear that by talking about our problems they will become more real. We may fear that everyone will know our business.

The relationship between the Stephen Minister and the care receiver is different from other relationships in your life. The Stephen Minister's purpose is to be there for you, listening carefully to your concerns and problems. Even though you may fear being judged, the Stephen Minister is not judgmental but rather compassionate and caring. Even though you may fear change or that naming your troubles will make them worse, the act of

sharing can lighten your load since you have someone who will listen to your deepest concerns and shoulder your burdens. And, even though you may fear everyone will know your business, confidentiality is an important part of the relationship Stephen Ministers have with their care receivers.

God did not intend for us to struggle alone. Having someone to care, to listen, and to share God's love can help us deal with the confusion, stress, or loneliness we may be experiencing. At St. John's, Stephen Ministers are present to be by your side and to offer a listening ear and a caring heart. If you or someone you know can benefit from talking with a Stephen Minister, please call a pastor, 645-4429 or Joan Halvorson, 645-8445.

*The following St. John's members died in this month last year. We list them so that we can remember these loved ones and their families in prayer "with reverence and affection."*

## The Problem With Faith

All  
who  
hunger  
gather  
gladly  
Holy  
manna  
is our  
bread.

It's October, which means that Lutherans will be doing very Lutheran things: affirming the baptisms of young people on October 12 and celebrating Reformation Sunday on October 26. It's a month when talk of "faith" figures prominently in our conversations, as it did in Martin Luther's thinking.

For many people in our time, the word faith can be troublesome. Instead of hearing Martin Luther's intended associations of trust and assurance, many 21st century Americans associate "faith" with certainty – sometimes rigid, aggressive certainty. The nuances of living in the midst of doubts and fears seem to be absent from this version of faith, and too many people worry that if their level of assurance doesn't measure up, then they have no place in Christian community. And when the media broadcast the worst-case scenarios of bigoted, hateful "faith," we worry that claiming a particular kind of Christian practice is just another version of primitive tribalism.

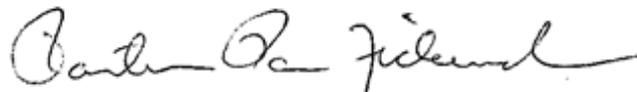

As staff we hear these worried questions often from parents, particularly as they struggle with how to pass on something to their children. "How do I talk about my child's questions when I don't know the answers myself?" "If I answer my child honestly about my own doubts, will I confuse them?" "I pray *for* my children, but I'm not comfortable praying *with* them – and certainly not in front of anyone else!"

Perhaps our question should not be "Do you have faith?" as if faith is a static commodity. Maybe instead we should talk about our longing for faith, our desire for greater trust in God and relationship with Jesus, who exemplified total assurance in God's reign. *Do you want faith? Are you attracted to the faith of Jesus, and the way he lived out God's love?*

ELW 461

The church cannot produce faith for you. Faith is, ultimately, a mysterious gift. But in hearing the Word and sharing at Jesus' table, we again and again feed that hunger for God's presence.

In our gatherings this month, look for ways to feed that hunger for God's presence. Consider joining a small group, or coming to a Wednesday night session with your child. Offer up your time in delivering Meals on Wheels or writing a letter on behalf of the hungry in our country. Wait for God's providing, and taste and see that God is good.

## A Note from Joanne

The time has come for me to resign the position of Shared Ministry Coordinator. Although I am sad to be leaving this position, the medical issues I am dealing with make it a bit difficult to have the energy needed to do this job. I would rather the church has someone that can step in and do this with all it requires. My resignation is effective November 1, 2014.

A huge thank you to all who have supported my never-ending requests to volunteer where you have been needed and your consistent willingness to do the work. I also want to send a thank you to all who have supported and encouraged me along the way. St. John's clearly has the Spirit working here and you are all a testimony to that belief.

*Blessings,  
Joanne Sommers*

## Coffee as Ministry at St John's

The coffee hour has long been important as a gathering place to renew friendships, meet new faces and to get a little refreshment either after, or just before services, or on our way to forum or small groups. Some of us even stay in the hall in engaged conversation the whole time. We have probably not usually thought of this simple coffee break as an integral aspect of our ministry to each other.

However, just as the Eucharist is a simple meal, before it is a sacrament, our coffee together is more than a small snack, when it is brought into our community as an expression of shared bread and hospitality. We want to encourage everyone to share in the fellowship, and to affirm this time together, as part of the St. John's Sunday morning ministry to our guests as well as our members.

We also wish to encourage congregational sharing in support of the coffee hour. We believe this may be accomplished by a division of labor. We believe that spreading the responsibilities can reduce the burden on volunteers. **Volunteers can help by making and/or serving coffee, set up and/or clean up, or bringing treats. Starting within the next couple of Sundays, there will be a sign-up board in the Commons to help with this important tradition at St. John's.**

If you have any questions please contact Joanne Sommers at 645-4429 or [sharedministry@stjohnsnorthfield.org](mailto:sharedministry@stjohnsnorthfield.org).

## Flower Ministry

Corrine and Elvin Heiberg are retiring from their "flower ministry" at St. John's. Since they retired from working in Elvin's dental office seventeen years ago, they have distributed flowers from worship services and funerals to hospitalized and shut-ins. They hope that this service will continue to bring joy to many people. If you are interested in helping with flower distribution, please contact the church office or Joanne Sommers, Shared Ministry Coordinator.

***The place to check for ways you can serve your church  
are all posted on the bulletin board outside of the Church Office,  
or drop an email to [sharedministry@stjohnsnorthfield.org](mailto:sharedministry@stjohnsnorthfield.org).  
Any help would be greatly appreciated!  
There truly is a place for everyone at St. John's!***

**Where Does Your Sunday School Offering Go?**

St. John's Sunday School offering will be distributed to 2 different missions this year:

We continue to sponsor Romairo Vasquez Polo from Columbia through Compassion International. Our sponsorship of \$38.00 / month provides Romairo with Bible teaching, medical care, nutritious meals, recreational activities, academic support, educational classes and literacy training.

Offering beyond meeting Romario's sponsorship will benefit Rice County Habitat for Humanity. The first Sunday school rotation in November will help students learn more about this project.

**3rd Graders and their Parents to Study the Word**

3rd graders and parents meet in St. John's Hall on **Saturday, October 25, from 9:00 – 11:00 a.m.** for a Retreat on the Word – an Introduction to the Bible. This class will be a primer on the Bible for students who will receive their Bibles at the 11:00 a.m. service on Sunday, Oct. 26. Please call Pastor Pam or Julie Brehmer if your child is unable to attend either day.

**Children, Come to the Table!**

When is my child ready to take Holy Communion? When is anyone really *ready*? As Lutherans we believe that the sacraments are gifts of God not dependent on our understanding or preparation to be effective as gifts of grace. At St. John's we urge parents to bring their children to the table every week, whether they receive a blessing or the bread and wine. Parents may use discretion based on their own piety and family situation as to when a child receives the bread and wine, but *there is no minimum age*.

Age appropriate materials are available for discussing communion with your child from age 4 and up. Contact Pastor Fickenscher if you are interested in having your child commune for the first time.

## Youth Blast Retreat

Youth Blast invites kids in grades 3-5 for an overnight adventure at Good Earth Village in Spring Valley, MN on October 10-11. If your child has not signed up and is interested in attending, it may not be too late! Call Julie Brehmer at 645-4429 to see if space is available. Thanks to all who are going as chaperones! It promises to be great fun!

## ROCK, Reaching Out to Christ's Kids!

ROCK, our Wednesday afterschool program offered to children from kindergarten to grade 5, is off to a great start. Wednesday afterschool programs for all grade levels consist of an afterschool snack, recreation/Opening, Catechism, music opportunities (Alleluia and Jubilate Choir), art, service projects and more! St. John's provides a bus to pick up children who are interested in participating in our afterschool programs. Our bus travels to Sibley, Bridgewater and Greenvale, plus Prairie Creek children from the Middle School.

For more information, check out the Children's Ministry Information Packet which includes an insert you may use to register your child.

## Girl Scouts Improve Recycling at St. Johns

Girl Scout Junior Troop #25258 has been working on a badge this year that focuses on energy, conservation, and waste reduction. It has involved working with the St. Olaf Science Alliance, a trip to the Prairie Island Nuclear Power Plant, serving as the Dundas Green Team, and many other projects. With money earned from the Dundas Green Team project, the group decided to utilize their earnings to improve recycling options at St. John's. Troop meetings and many events are held here, and they saw this as a real need. The girls purchased 21 blue recycling bins and labeled them with helpful information to make sure materials are recycled properly. Thank you to Tim Byers, St. John's facility manager, for his help and support with the project. St. John's scouts include Ainsely Nutt, Annelise Hall-Holt, Elena Mikula, and Jeanette Pelletier.

## Food Recovery - Focus of Peace and Justice Program, Oct. 6, 7:00 p.m.

Ever wonder what happens to all of the leftover food in the college cafeterias? More often than not, it's thrown away. However, there is a new network working to change this situation.

Shira Kaufman is a student leader of Carleton's Food Recovery Network, which has been actively working since January 2014 to put the "waste" to better use. She is supported in her work by Kelly Scheurman, the program director of Carleton's Center for Community and Civic Engagement.

Both Shira and Kelly will present a program about food recovery at the St. John's Peace and Justice meeting at 7:00 p.m. on Monday, October 6th in St. John's Hall. Learn what is being done locally to prevent good food from going to waste, how the food is collected, and where the food is donated.

*Come early for dinner with Growing Up Healthy's Community Cooking Club at 5:30 p.m.! Register at Just Food Coop's website: <http://justfood.coop/events/> - scroll down to "Growing Up Healthy Community Cooking." Meet your neighbors and take home a new recipe!*

## **Mwangaza is coming to St. John's on Monday, October 13th at 7 p.m.**

For the past 18 years Mwangaza has developed leaders in education in the Tanzanian Lutheran Church, and linked them with the synods of the ELCA. Program directors John Kavishe and Salome Lally, accompanied by Shoonie Hartwig, and Jim and LaRue Unglaube, look forward to saying thank you to so many at St. John's for years of faithful support. The hour long program will take you to Tanzania and Mwangaza. Envision how a small mini-book can change a student's life; learn how women and girls are being empowered; discover how healthy communities nurture mind, body, and spirit. For those who would like more time to visit with the Mwangaza staff, join us for a dinner in St. John's Hall at 5:30 p.m. Please RSVP for the dinner to David Norman at: Dnorman@k-state.edu. We hope those who know a bit about Mwangaza and those who want to know more will join us!

## **Letter from St. John's Partners in Columbia: El Salvador Church and El Cocuy School**

"May the peace of Jesus Christ, the love of God and the communion of the Holy Spirit be with each one of you.

Please receive a cordial greeting from El Salvador Church and the Colegio Celco de El Cocuy School, thankful for the brotherhood and the kindness that you have had with us. We also give thanks to God for you.

We were very pleased to receive news about you, and have not been able to answer you because the council of the church did not meet. May God bless the new pastor who accompanies you and we hope that God gives them the opportunity to visit us.

The Church of El Salvador continues firm in the faith and like you we also have another pastor. Pastor Martin left due to difficulties with family and now we have Pastor Benjamin Ojeda with us. Pastor Ojeda is a retired pastor with the Lutheran Church and has been with us from the month of August.

We want to send a report about the economic resources received from our sister Val Hallen. First we want to thank her family for permitting these resources to be sent to us – a private educational institution without the funding to maintain the physical plant, acquire technological equipment and the rest. Be assured that this gift was and will be a great blessing for our boys and girls at Colegio Celco.

We received from the central office funds with a value of 78.127.566 Colombian pesos and with this we have done the following:

- In the utility room we have installed a metal support grid in the ceiling of 3.50 x 7.00 meters with the purpose of providing security, we also installed 7 metal sheets of good quality in the classrooms, the Library, and the office of the Director.
- 17 laptop computers were purchased, 15 are Dell Intel core i3, 4gb memory ram, 750 gb hard disc, and Windows 8 software; and 2 Toshiba Intel core i5, 6 Gb of ram, and a 750 Gb hard disc. The Dell computers are being used by the students, 1 Toshiba computer is in the Director's Office and the other is being used by the docents.

Respecting the repair of the bathrooms, we have encountered difficulties because we have not been able to do this while the students are in classes due to the possibility of an accident. We had thought that we could do this during the July vacation of 2 weeks but the winter and the short amount of time prevented completion of the project. We have plans to complete it during the months of December and January.

We have also reinforced the doors of the class rooms and the entrances to the main patio putting down new metal sheets and metal bolts, and also in the school office. There were also installed metal reinforcements, one in the library and one in the rectory.

With great appreciation y brotherhood, very grateful for your generosity. Fraternally in Christ.

### **St. John's is Installing LED Lighting**

During the month of October, you will notice a lighting change at church! We are replacing all of our incandescent and halogen light bulbs with LED lighting. We have contracted with CEE (Center for Energy and Environment) to replace all of our screw in light bulbs throughout St. John's which will include the sanctuary, St. John's Hall, classrooms, offices, and hallways. The contractor will be at church for 2-3 days in October to do the work. The exact dates of this have not been set, but it will be in mid to late October. You may notice a change after the LED bulbs have been installed – we will have a little “whiter light” with these bulbs. Typical incandescent bulbs have a light temperature of 2700K, the new LED bulbs will have a temperature of 3000K. You may notice that you can read your bulletin or the hymnals a little easier with these new lights!

CEE and Xcel energy have collaborated to estimate that these updates will save St. John's an average of over \$500 a month in our electrical costs by this alone. The expected return on our investment will be realized after 2 ½ years. In addition to this savings, the change will benefit us in many ways as we move forward. We will not have to replace any of these bulbs for the first 5 years – they are guaranteed for 5 years. Many of the bulbs are expected to last for 30 years because we use them less than 10 hours a week. This minimizes the maintenance required to replace bulbs high above us in the sanctuary and St. John's Hall!

In addition to the new LED lighting project, we are starting to replace the existing florescent light bulbs with a much more efficient ballast and bulb. Our Facilities Manager will be working on these as the bulbs or ballasts fail.

We are very excited about this change! Please contact the Properties & Grounds Board if you have any questions about the project.

### **Pastors, Privacy, and You.**

### **Your Health Information Is Protected By Federal Law**

The Federal Health Insurance Portability and Accountability Act of 1996, known as HIPAA, was passed to establish a national framework for security standards and protection with regard to health care data and information.

What this means for your pastoral care is that pastors are *not* informed of hospitalizations unless a patient specifically requests that their church be notified. In some cases, such as with minors at Children's Hospital, staff may not even confirm a patient's presence at the hospital over the phone. At Northfield Hospital, patients must state St. John's on their admittance papers in order for information to be released at the front desk.

If you would like a visit, or would like your name added to the prayer chain or the Sunday prayers, please notify the Church Office (or have a family member do so for you). If there is an urgent need outside of office hours, listen for the number of the 'on call' pastor on the church voice mail.

# From the Stewardship Board

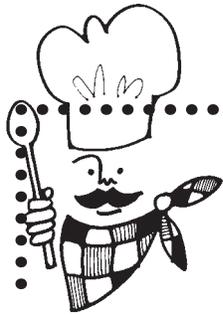

---

Last year an article in Christ in Our Home caught my attention, and I would like to share some of the author's comments with you. The writer stated that our need to give far exceeds God's need to receive, for the Lord owns it already. We need to give because it opens the gate to satisfaction and joy. It also helps cure self-centeredness. The familiar hymn reminds us, "All that we have is thine alone, a trust, O Lord, from thee."

The Stewardship Board has conveyed this message to the congregation through articles in the September and October issues of "The Voice," several Sunday bulletin inserts, and through members speaking about how the ministry of St. John's has impacted their lives and is important to them. We trust this message has resonated with you as well and that you will eagerly assist in supporting the mission and ministry of St. John's. Sharing our time, talent, and now our financial resources is an important part of responding the Gospel.

In mid-October you will be receiving a pledge card from the Stewardship Board. We ask you to complete the card and either bring it to the Church Office or place it in the Sunday offering plate by November 9. Your participation and support of this effort is greatly appreciated.

## **Bread for the World Offering of Letters: Reforming U.S. Food Aid**

### **A letter from Bread for the World President David Beckmann (excerpt)**

*In Isaiah 65, the Old Testament prophet speaks of life as God intends it. Life is more than simply receiving good things. It is also participating in creating a good life and a society that reflects God's desire for an abundant life for everyone.*

*I invite you to join thousands of Christians all over the United States in acting on God's purpose for our lives. Please use the power of influence that God has entrusted to you to help our neighbors overseas by writing hunger into history through Bread for the World's 2014 Offering of Letters: Reforming U.S. Food Aid.*

*This year's Offering of Letters campaign is particularly important because of the devastation wrought by major international emergencies in recent years such as 2013's typhoon in the Philippines, 2010's massive earthquake in Haiti, and the ongoing crisis in Syria. These disasters underscore how valuable food aid is. It is vital both in our responses to emergencies and in tackling hunger and malnutrition in the longer term.*

*For more than 50 years, U.S. food aid has benefited more than 3 billion people in 200 countries. The United States is the world's largest food-aid donor, and we are proud of our record. However, when more than 870 million people go hungry every day, making each dollar count is both a responsible use of taxpayer funds and a moral imperative.*

*With smart changes to food-aid programs, our government can both respond more quickly when disaster hits and reach more people. We can provide food that is more nutritious, especially for mothers and children. We can better support small-scale farmers and build local economies by obtaining food aid closer to where it is needed.*

*With these reforms, and with the same level of funding, U.S. food aid can benefit up to 17 million more people each year.*

*Thank you for being part of God's work by participating in Bread for the World's 2014 Offering of Letters: Reforming U.S. Food Aid.*

**Take time to write a brief letter to our Senators and Representative between services at the Bread for the World table in St. John's Hall on a Sunday in October. Pens, paper, envelopes, addresses, and a sample letter will be provided. Friendly fellow members of St. John's will be there to facilitate this important work.**

**We hope to have at least 100 letters to present with our weekly offering on Sunday, October 26, and we will celebrate with fresh bread during the coffee hour.**

## God's Transforming Spirit

*By Barbara Eaves*

When I was about 10 years old, my dad bought our first television set. It was a console...a big piece of furniture. Accessing television where we lived also meant erecting an antenna on the roof which had to be turned toward the direction of the station nearly 80 miles from our home. We were the first household on our city block to have TV, so on January 1 we invited all the neighbors to come and watch the Rose Bowl parade. Not only was the picture in black and white, but much of the time we were trying to see the parade through an electronic snow storm on the screen. Who would have thought in 1950 the introduction of television would begin the transformation of how life is lived in today's world.

Transformation is also a part of our personal stories, changing us physically, emotionally, intellectually and spiritually. Some people may experience sudden and radical changes, but more often transformation evolves gradually over the years and as our life-experiences accumulate. Sometimes we may not even realize the stirring that has been going on within us; it is only as we look back that we are able to see clearly how we have been transformed.

Faith transformation is working in us when we open our hearts and minds to the nudging of the Holy Spirit. It is nurtured by being present and engaged in worship, in listening to the stories of others, through volunteer service, and as we are receptive to counsel, support and encouragement which lead us to new insights and understandings. In all these instances and more, God's Spirit is continually working within us transforming us anew each day. In that respect, we can say with confidence that we are always on a journey of "becoming."

*"...Do not be conformed to this world,  
but be transformed by the renewing of your minds..."*

Rom. 12-1-2
